

Boost Your Factory Productivity

High-precision CNC solutions for SSD, PEB & metal fabrication

Laser Cutting Machines

Fiber Laser: Plate · Tube · 3D Robotic for H-Beams
CO2 Laser: Fiber · Glass
Power: 1kW–30kW | **Accuracy:** ±0.03mm

SSD & PEB Machines

- Band sawing · Drilling · Plate processing
- Angle & pipe cutting · Punching
- 3D 5-Axis robotic · Shotblasting & painting

Portable M/Cs

- Laser Welding · Cutting · Cleaning · Weld Seam Cleaning
- 1.5–3kW | Max plate: 7mm**

Complete Factory Support

Installation & Commissioning

Re-Location

Used Machines – Buy/Sell/Trade/Recondition

Warranty & After-sales

Spare Parts & Consumables
Blades, Drill bits, Laser, Plasma & Oxy

Electronics Service – Component Level
VFD, Servo Drives, Industrial PCs, PLCs

Automation Projects

Maintenance & Support

With Contract

AMC · Preventive & corrective
Priority response

Without Contract

Pay per visit / T&M
Flexible scheduling
